I set out on a narrow way many years ago

Wiped my brow and kept pushin' through

I couldn't see how every sign pointed straight to you

CHORUS:

(D) G D A Bm7
Every long lost dream led me to where you are

Others who broke my heart, they were like northern stars

Pointing me on my way into your loving arms
Em D/F# G
This much I know is true
D/F# G A Bm7 G A D
That God blessed the broken road that led me straight to you
